About Company:

Established in 1983, Invesco is an independent investment management firm dedicated to delivering an investment experience that helps people get more out of life. Invesco Real Estate (IRE) manages \$66.4 billion of global investments in private real estate, global securities and real estate debt. With 471 employees and 21 offices worldwide, our professionals focus on top-down market fundamentals combined with bottom-up local market intelligence. Senior members of the management team have worked together for 15 years, contributing to the consistent implementation of Invesco's investment strategy and resulting performance.

Objective of Role:

The general role of the Intern is to work in Invesco Real Estate teams with primary responsibility for coordinating and facilitating the launch of new projects. The role requires the ability to work across several Invesco teams, as well as external advisors, to ensure a structured approach and successful execution of new and existing investment deals.

Accountabilities:

- Perform in-depth market and industry analysis for various types of real estate investment projects
- Support Invesco Real Estate's Acquisition, Asset Management, CPM, and Product Management teams with fund structuring and overall deal execution process
- Perform statistical and financial analysis
- Gather and prepare internal documents such as investment report and meeting minutes in a timely manner

Required Qualifications & Experience:

- Strong financial and analytical ability with solid organizational skills, ability to multi-task, and attention to detail
- Highly-developed verbal and written communication skills in Korean and English
- Fully computer literate in all Microsoft Office Suites
- Ability to work independently
- Team player
- Proactive thinking with a creative problem solving approach
- Self-motivated and comfortable achieving maximum results with minimal supervision
- Ability to work in a fast paced environment

Preferred:

- Bachelor's degree in finance, economics, real estate, architecture or a related field with a strong record of academic achievement
- Working experience as a commercial real estate analyst in acquisitions, asset management and/or investment sales but not mandatory
- Investment Management/Advisory qualification
